EXTRANET

USER MANUAL FOR TRADING MEMBERS

INSEIL EXCHANGE PLAZA PLOT NO. C/1, G BLOCK BANDRA-KURLA COMPLEX BANDRA (E) MUMBAI 400 051

21-MARCH-2012

COPYRIGHT NOTICE

All rights reserved. No part of this document may be reproduced or transmitted in any form and by any means without the prior permission of NSEIL.

1. Introduction

Extranet is a facility for exchange of file based information between the Trading Members and the Exchange.

This document explains the functionality available in Extranet and serves as guideline to users for using the application.

1.1 Scope

The scope of this manual includes.

- Navigation
- Details of various modules available in Extranet

1.2 Audience

This manual is for use by trading members who will use the system.

1.3 Abbreviations and acronyms

Acronym & Abbreviations	Full Form
NSEIL	National Stock Exchange of India Limited
Extranet_dnld	Extranet Download
Extranet_upld	Extranet Upload
СМ	Capital Market segment
FO	Futures & Options segment
CD	Currency Derivatives segment
SLB	Securities Lending & Borrowing segment
MFSS	Mutual Fund Service system
WDM	Wholesale Debt Market

1.4 Software Requirements

Extranet can be accessed through the integrated member portal which is best viewed with IE version 7 & above and Firefox Mozilla version 3.6 & above.

1.5 Login Module

Extranet Service on Member Portal can be accessed through the link https://www.connect2nse.com/MemberPortal/

Users are authenticated on connecting to the Member Portal application > Extranet. Authentication is on the basis of unique User id, Member code, Password, captcha validation. On successful authentication, the user would be provided with list of menu options depending on user login type.

'Extranet-circulars' and 'Extranet-common' can be accessed by all the users without any further validations.

'Extranet_dnld' and 'Extranet_upld' can be accessed only by the L4 level users having rights for these services through the registered IPs. IP & Service management for Extranet will continue from Connect2nse homepage.

For accessing Extranet on Member portal a user needs to have the following

Administrator has to assign role of Extranet upld, Extranet Dnld, Extranet Circular, Extranet common to the user (Please refer "Portal login detailed manual" to get help on assigning roles).

Register the IP address of the workstation through which user is operating (Please refer "C2N Standard Procedures manual" to get help on registration of IP).

2. Extranet modules

The following Menu options for Extranet are available on the left-pane of the Homepage.

- Extranet-circulars
 To view and download the circulars issued by the exchange
- 2) Extranet-common To view and download the files which are common for all the Members
- 3) Extranet_dnld

To view and download the files sent by the exchange as well as the files uploaded by him.

4) Extranet_upld To send files to the exchange

The following Menu option for Extranet is available on the right-pane of the Homepage.

5) Extranet Downloads

To view the circulars issued and download the files sent by the exchange

On clicking any of the above menu options, the screen for that option shall open in the centre of the page. The user can maximize / minimize the screen by double clicking on the extranet tab; e.g. 'Extranet-circular'

Extranet-circular

1) This service can be used to view and download the circulars issued by the exchange.

The screen for this service displays the records with the following details:

- o File / folder name
- Last modified date & time
- File size
